Welcome to Muskingum University Greek Life!

We are excited for you to get to know our organizations here on Muskingum University's campus! Throughout this booklet you will learn details about each organization, some fun facts, and hear from some alumni. Be sure to check out the social media pages of each organization to learn more about them and when they will be hosting events. We hope that you will join organizations for pre-recruitment events and consider joining us for recruitment in September!

What is Greek Life all about?

Welcome to Muskingum University! We are very excited to have you here! There are many ways to get involved on campus, but one of the best ways to get involved is through Greek Life! You may be saying, "What is Greek Life?" Well here are just a few things to know about Greek Life at Muskingum:

- Greek Life makes up over 30% of the student population
- Each organization has different service projects they complete throughout the year, with over 2,000 hours of community service as a whole being completed last year, even during Covid.
- All of the organizations have their own charity work that they contribute to throughout the year. Last year Greek Muskies donated over \$25,000!
- Social events throughout the year are often sponsored by the organizations. There are small to large events that you can attend all year!
- Networking is also an added bonus that you can be a part of! Many Greek alums are willing to help their brothers and sisters with internships and job opportunities.

What is Greek Life Recruitment?

Greek Life Recruitment is the process of getting to know organizations and the people that make up those organizations. This is a week long process that will happen in the fall. Here is a breakdown of how the week goes:

- **Sunday**
 - Meet and Greet with all organizations
- **Monday - Friday**
 - Set of three days of scheduled events that you will attend
 - Each day will have a set schedule of which organization you will meet with for a set amount of time
 - You will cut down the number of events you attend throughout the week to attend your top 1-3 choices on Friday
- **Friday Evening**
 - Meet with a professional staff member to rank your choices from 1-3 to which organization you would like to join
- **Saturday - Bid Day**
 - Find in the morning which organization you were matched with!

Alumni Testimonials

"College is only 4 years of our lives; and I made the mistake of only being a Kappa Sigma for 3 of those years. Kappa Sigma taught me so much about how to act as a gentleman, serve for God and the good of mankind, and walk humbly, though always knowing my worth. Kappa Sigma introduced me to men who would become my closest Brothers, not just at Muskingum but still several years later. But the greatest gift it offered me, was the ability to pass that gift on to future Kappa Sigmas."

- Joe Galloway '16

"Kappa Sigma meant much to me as a country boy now in college. First, it was a group of great guys to play cards, ping pong and pool with. Then there was the feeling of belonging to something bigger than me. We Kappa Sigs got things done on campus. There was so much we did together, from serenading the girls' social clubs, to intramurals and eating and studying together. It really was a brotherhood. After college, I got caught up in my own little world, but came back to study at the house when I returned to school for my teaching certificate. Then I wandered away again. I returned in 2013 to help another brother re-charter the chapter and have been a part since then."

Alumni Testimonials

"What MACE means to me is the representation of brotherhood and accountability for yourself and others. MACE has given me the opportunity to meet lifelong friends, and has created opportunities to allow me to find my true drive for what I want to do in life." -

Nate Hall

"The MACE club has meant a lot to me for the past 4 years of my life. Growing up seeing the bonds my Grandfather, uncle and father have all formed made the decision to rush MACE extremely easy to me. The club transformed my best friends into brothers and I'm truly grateful I had the opportunity to spend my college years among great men in the fraternity. With all of the highs and lows you face from being an 18 year old kid to a young man at 22 it's very important to surround yourself with the right people. As the saying goes, "iron sharpens iron" and the MACE club is a perfect example of that for my life."

Alumni Testimonials

"Phi Psi provided a lot of opportunity to grow on a personal level. Through leadership roles and building confidence and encouragement, Phi Psi helped me become a better me. There was always someone willing to talk or a room door open to hang out. Brotherhood events, whether they were cookouts or a movie watch, were always fun. Phi Psi truly was a family on campus."

- **Liam Bates**

"Phi Psi got me super involved on campus, to the point where I knew almost everyone after a year. It gave me opportunities to travel to conferences and programs in Orlando and Las Vegas for very little out of my own pocket. Being a Phi Psi was easily the most fun part of my college experience!"

- **Ryan Moffo**

"Phi Psi has given me a tremendous opportunity for growth throughout my years. I held nearly every position to gain the absolute capacity that is offered. While leading within my chapter and in my university, I learned countless invaluable lessons and skills that I could not have found elsewhere. Phi Psi is truly a unique experience, and one that is well worth the while. I hope and expect that Phi Psi will continue to benefit me through my continued growth and within the hardships of life after graduation." - **Max Moffo '22**

Phi Kappa Psi was not just a fraternity for me, it was like a second family. Every member has helped me change and grow for the better. Without Phi Psi I would still have almost zero leadership and social skills. A lot of my success can be attributed to my time in Phi Psi. I'm excited to graduate college and leave but I will always miss my brother's, the house, and the culture we had." - **Adam Rolston '22**

Alumni Testimonials

"Being a part of Phi Tau for 3 years was one of the best decisions I made in my college career. One way it benefited me was that it helped me learn how to time manage when I was in college because I had to manage fraternity responsibilities and school work. That is an important skill that I will continue to carry with me. Also, I found a sense of belonging with people who genuinely cared for me. This is something that you need anywhere you go and I was glad I found that in Phi Tau. Lastly, I had some great opportunities to serve in the community during college. I always want to be able to give back and my fraternity gave me ways that I could do that. I never would've thought that I would join a fraternity going into college. Now, I don't know what I'd have done without my fraternity. Those guys are my brothers now and always"

- Jeremiah Sanders '20

"Overall, I have nothing negative to say about my experience with Phi Kappa Tau. I originally joined in the Spring of 2017, my second semester at Muskingum. When I joined, PKT was in a rebuilding phase. I watched the fraternity grow and improve from 2017 to 2020 and I was quite pleased to have been a part of that. Even while I was away in Argentina for the Spring of 2018, my connection to PKT remained strong. The experience that I had on PKT's exec board developed me into a well-rounded leader. It gave me opportunities to travel the USA and meet brothers from across the nation. It gave me opportunities to participate in leadership development workshops and national conventions that I never would've been a part of otherwise. It also gave me opportunities to meet brothers at Muskingum with whom I have established lifelong relationships. All in all, my fraternity is foundational to who I am today. Without it, I believe firmly that my life and college career would've taken a wildly different path." - **Joshua Cordell '19**

"Joining Phi Kappa Tau my freshman year was a leap of faith. Faith in myself to try something new and in the group of brothers I grew to love. Leadership, creativity, perseverance, teamwork and brotherhood are just a few aspects the fraternity gave me"

Alumni Testimonials

"When I was a freshman in college, I wasn't sure if I wanted to stay at Muskingum. Once I joined Ulster the guys became my brothers and we built friendships that are long lasting. These guys kept me at Muskingum all four years and there is nothing that I wouldn't do for the guys in the club and I gave my all to the club and loved every second of it because the club and the guys in the club gave me so much."

- John Dowdell

"I was skeptical on joining Greek life but a few of my teammates were in Ulster and they brought me over and from that moment on I knew I wanted to be an Ulster. The brotherhood that we have as Ulster's is indescribable. I was skeptical and now looking back on it I don't regret anything for a second. It made my college experience that much better and met some great guys who are my closest friends in the process" **-Thomas McAuley**

"I joined Ulster and instantly fell in love with the club. I made some of my best friendships through the club and I still talk to these guys even though we have graduated and moved on from college"

- Nick Thomas

Alumnae Testimonials

"I rushed my first semester because I was bored and it was something to do. But once I was there, there was something magical about Greek life that I knew I couldn't find anywhere else. I ended up going ASA for a variety of reasons, but the biggest ones were the sense of caring and unjudgemental fun I felt when I was with the ASA sisters. And I was very right in that assessment. What I liked most about my time in ASA was the joy we all had when together and just enjoying each other's company and the genuine support I felt at my lowest moments. Which is a very cliché thing to say but it's the little things in life that matter most and it was the little things about living that my sisters really did best."

-Odile McDevitt '21

"I have so many memories and it's hard to choose! My first favorite memory is my bid day. Playing in a mud pit was never something I thought I would want to do, but it was the best! Another is the year we had 20 new members. We were so proud because we had worked so hard! A lot had happened and there were lots of ups and downs. I remember Jayme Workinger and I were so excited but then thought, 'What are we going to do with so many new members?' I am just so thankful for the sisters I have and my lifelong friendships" **-Erica Ann**

Frencik

"I was really close between two sororities and was going through rush with my best friend Ashley Loe. We both were on the fence between ASA and another. I didn't know what she was going to pick but went for ASA. She rushed the hill first then it was my turn. I still remember the moment I saw her with the ASAs and had so much joy in my heart that not only were we best friends but now sisters and I didn't lose her." **-Jayme Workinger**

Alumnae Testimonials

"While a student at Muskingum I joined the Chi Alpha Nu Club my 2nd year to make connections. As a commuter student that lived in Zanesville and worked a full time job there, I was missing something from my Muskingum experience. Joining Chi Alpha Nu changed my life. Making a commitment to our Club made me take time for the meetings, the socials, and the friends. These are still the friends that I make time for year after year. My senior year at Muskingum was Chi Alpha Nu's 70th anniversary. We planned for a wonderful Sunday dinner just before graduation. It wasn't until I attended the dinner that beautiful afternoon that I realized how lucky I was to be a part of something built on the foundation of so much history and so much love. As we closed the dinner meeting, I witnessed 60 women from the ages of 19 to 85 singing together as one sisterhood. I knew in my heart that I was so blessed to be bonded to these wonderful ladies. Today I am still blessed with the old and new friendships that have come from Chi Alpha Nu!"

- Shala Zemba (Lyons) '97

"When I first came to Muskingum I had a hard time adjusting to being away from home & making friends. Kianu instantly became my home away from home. I gained 50+ sisters that I know who would always support me & love me. Kianu brought me out of my shell & shaped me into the woman that I am today. Joining Kianu was the best decision I ever made at Muskingum. Not only did I create lifelong friendships, I learned leadership skills, volunteered in the community & held positions in my club that have helped me in my professional career today. Kianu is not something that lasts for 4 years, it is something that lasts a lifetime. The memories, experiences, relationships & lessons that Kianu has taught me are truly priceless."-**Jesse Ledger '18**

"The Chi Alpha Nu sisterhood has held a special place in my heart since joining in 2013. I remember pledging in the fall and having no idea what experiences and opportunities that would follow me into my time as a Kianu. My journey as an active member and an alumna have been one of a kind. Kianu has brought me my best friends and a home to always be myself. I'm thankful for my time in Kianu and ultimately shaping me into the woman I am today"

Alumnae Testimonials

"I joined FAD in the fall of 2013. As a freshman, I was very shy. I decided to join a sorority because it was a great way to force myself out of my comfort zone to meet new people. The recruitment process was so much fun for me. My favorite part about the process was getting to know other people, even if they weren't going to be in my sorority. Although they weren't going to be my future sisters, they did become my future lab partners, part of my future study groups and true life-long friends. The obvious best part about it all was finding my home in FAD. I instantly clicked with these girls. They were all so different and unique, but were truly one big family. Everything about the FAD lounge and the wonderful young women in it just felt like home, and home it became. These girls were my rock throughout all four years at Muskingum. They were my dinner partners, my shopping dates, and even my roommates. My favorite memories happened during my two years living in the triple on the FAD floor. Whether it was a bunch of sisters piling into the room to hang out together or simply when my roommate and best friend, Lucy, and I would drink wine and watch Netflix, there was never a dull moment. Looking back on my college years, all of my fond memories happened with my sorority sisters. If you are considering recruitment, I can't recommend it enough. I can promise it will be the best decision of your college career!"

-Tori Morgan '17

"As a freshman, all of 18 years of age and 7000+ miles away from home, Greek life became quite literally a way of life for me very quickly. From rushing, to pledging, to being an active member and eventually a leader of my organization and being on the Greek Council - it's safe to say that those were the best times that I had at Muskingum and led me to meet some of my closest friends till date. FAD specifically for me meant family. A family that I could share all my good and bad days with. All through rush week, every sorority had me very excited but where I felt most at home was in that FAD lounge where I could be my weird, goofy self and what I absolutely loved about this club was that there was such a diverse group of young women who came together as one. If I had to recount my best memories with FAD, I think it would be every Bid Day morning when we found out who all joined our club, my big-little reveal night when I got my big and little and any time that I hung out in the lounge - countless meals/recipes, study dates, movie nights, naps on couch, sitting there to clear my thoughts" **-Chandrika Misra '16**

"When I first arrived at college, I knew next to nothing about Greek life. I didn't participate in recruitment for this reason. As spring semester rolled around I was handed an invitation to join the F.A.D club. When I accepted I did not realize this would be one of the greatest decisions I'd ever make in my college career. F.A.D was more than parties and meetings. It was people to turn to, to rely on when you needed it most, and to just enjoy spending time with. I would not be the person I am today had I not taken a chance on this amazing sisterhood" **-Allissa Brown '19**

When I was a freshman in college I struggled to step out of my athletic team "bubble" and meet new people around campus. So when I received an open bid from Theta Phi I knew belonging to a sisterhood was exactly what I was missing in my college experience. After joining Theta Phi, I was able to meet so many new girls that held themselves to the same standards I did and were involved in many different organizations on campus. I became so close with girls that I would have never met if it wasn't for this sisterhood. Looking back at my experience at Muskingum I can honestly say that joining TPA was one of the greatest decisions I made. I have lifelong friendships with girls through the everlasting bond of sisterhood.
