Family Educational Rights and Privacy Act Release of Information Request/Authorization For the Student or the Parent/Guardian

In accordance with the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. §1232), University policy prohibits the release, to third parties, of non-directory information contained in a student's educational records without the express written consent of the student or the request of a parent or guardian for information about a student who is their legal dependent for tax purposes. An exception to this policy is made when a student under the age of 21 is involved in alcohol or drug violations, medical emergencies, or violence-related incidents. In these cases, the parents or guardians are notified by the University. The request of a parent or guardian for information about a student who is their legal dependent for tax purposes takes precedence over the request of the dependent to withhold such information.
