Key Licensure Assessment #3: Ability to Plan Lessons  
Adolescent to Young Adult (AYA) Integrated Social Studies: EDUC 627

Overview
Graduate Initial Teacher Preparation Program  
Educator Preparation Unit  
Muskingum University

1. Description of the Assessment and Its Use in the Program

The Ability to Plan Lessons assessment serves as an assessment of a candidate’s ability to plan for instruction. The candidate is charged with selecting one of his/her clinical practice lesson plans to include as a component of the Professional Portfolio at the conclusion of clinical practice. The Portfolio is a requirement for the Clinical Practice & Professional Development Seminar (EDUC 627) course.

A lesson plan format provides the structure for this assessment. The initial directions for the lesson plan call for candidates to attend to specific candidate proficiencies stated in the conceptual framework as well as pedagogical and subject-matter standards of the National Council for the Social Studies (NCSS). The lesson plan format guides the candidate in writing lesson plans. The sections of the lesson plan format are: (1) learning goals, (2) student background knowledge and experiences used in planning, (3) instructional procedures, including teaching methods and student groupings, (4) resources and materials, (5) lesson sequence, (6) assessment/evaluation, and (7) adaptations. After the candidate has taught the lesson using the selected lesson plan written for this assessment, s/he is expected to reflect (Section 8) on the achievement of students, what worked and did not work, and how one might account for the performance of individuals and groups of students.

This Key Licensure Assessment #3 is accompanied by Key Program Assessment #6. Both focus on the Ability to Plan Lessons. One portfolio product is developed for these two assessments, using the directions noted below. The product is then assessed using two different scoring guides – the Key Licensure Assessment is aligned with the standards of the respective specialized professional association (SPA) while the Key Program Assessment is aligned with candidate proficiencies of the conceptual framework.

To exit the licensure program at Gateway 4, a candidate must complete Key Licensure Assessments #3 - #6 (Ability to Plan Lessons, Clinical Practice, Effect on Student Learning, and Thematic Unit) with at least 80% of the NCSS standards across the four assessments rated at meets standard and no standard rated unacceptable.

The following NCSS pedagogical (PS) and subject-matter (SMS) standards are evaluated through this key licensure assessment.

| PS 1: possess the knowledge, capabilities, and dispositions to provide learning opportunities at the appropriate school levels that support learners’ intellectual, social, and personal development |
| PS 2: possess the knowledge, capabilities, and dispositions to create at the appropriate school levels learning experiences that fit the different approaches to learning of diverse learners |
| PS 3: possess the knowledge, capabilities, and dispositions to use at the appropriate school levels a variety of instructional strategies to encourage student development of critical thinking, problem solving, and performance skills |
PS 4: possess the knowledge, capabilities, and dispositions to create at the appropriate school levels learning environments that encourage social interaction, active engagement in learning, and self-motivation

PS 5: possess the knowledge, capabilities, and dispositions to use at the appropriate school levels verbal, nonverbal, and media communication techniques that foster active inquiry, collaboration, and supportive interaction in the classroom

PS 6: possess the knowledge, capabilities, and dispositions to plan instruction for the appropriate school levels based on understanding of subject matter, students, the community, and curriculum goals

SMS 1: possess the knowledge, capabilities, and dispositions associated with the central concepts, tools of inquiry, and structures of the disciplines that make up the social studies
