STUDENT HEALTH PROGRAM

WELLNESS CENTER SERVICES

- The campus location of the Wellness Center is east of Lakeside Drive on South Street (phone ext. 8150). The nursing staff is on duty Monday–Friday 8 a.m.–5 p.m. during the traditional academic year. Physician services are provided each weekday afternoon in a walk-in clinic setting (please contact the Wellness Center for daily hours).
- Most physician clinic charges incurred at the Wellness Center are covered by benefits in Part I of the current student health plan. Any non-covered expenses will be billed to the student through the College Student Accounts Office and it is to that office that payment be directed.
- The Wellness Center pharmacy license allows the college physician staff to prescribe and dispense medication for student illness or injury. There may be a co-pay amount relative to the type and expense of the prescribed medication, which will be charged to the student's college account. Prescriptions will be written by the physician for medication not stocked by the Wellness Center but deemed appropriate for an individual student's treatment. The prescription may be filled at a local pharmacy at the student's expense. Please note: the Wellness Center is not a working pharmacy and does not fill prescriptions from any source other than our college physicians.
- Allergy shots (student to provide medication/schedule) are administered at the Wellness Center during clinic hours for a fee of \$5.00 per injection (\$1.00 additional per extra injection/same visit). The student is obligated to stay for a minimum 15 minute observation period with college physician on premises.
- Immunizations administered by the Wellness Center staff will be charged to the individual student account. Charges are determined by the cost of the vaccine, test or treatment.
- Counseling support is available by referral through the Wellness Center staff or may be secured by contacting Campus Counseling Services at ext. 8091.
- The Wellness Center Staff wishes to cooperate in every way with your family physician. Should YOUR DOCTOR find it necessary to refer you

to a specialist during the school year, the Staff will assist you in securing an appointment. However, transportation arrangements are the responsibility of the student.

WELLNESS CENTER POLICY

While on campus during regular semester sessions, students are urged to seek treatment or advisement for referral at the Wellness Center according to student insurance protocol. If the Wellness Center is closed, students are advised to contact residence life personnel or Campus police if an emergency situation arises. It is imperative that the student follow-up at the Wellness Center so appropriate information is obtained for insurance filing and medical record continuity.

CLASS ABSENCE DUE TO ILLNESS OR INJURY

- Class absence for illness or injury is the concern of the student and the instructor.
- Students seeking treatment for illness and injury (non-emergency) are advised to report to the Wellness Center for evaluation during a free period in order to avoid class absence.
- The Wellness Center does not issue excuse slips for missed classes due to injury or illness. Students are encouraged to contact the instructor before class is missed to report they will be absent. If an illness or injury requires leaving campus for treatment involving a prolonged absence period, the student should notify the Academic Dean's Office.

INSURANCE COVERAGE

The Insurance Program is designed to supplement, not replace the services of the Wellness Center. Unexpected accidents and sicknesses can frequently result in additional expenses and care, that are not covered by the Student Health Service. These may impose a financial burden on parents and students. The Insurance Policy helps provide protection up to specified limits, for eligible expenses arising from both covered accident and sickness whether sustained at the College or elsewhere.

The Insurance Program is in two (2) parts. Part I will be mandatory and Part II will be optional for all full-time undergraduate students, and all students participating in intercollegiate athletics, excluding students in the Adult Degree Completion Program. Coverage for Parts I and II are effective on August 10, 2008 and continue for the period for which premium has been paid. The cost for Part I is paid by Muskingum College. The annual cost for Part II is \$292.00 which includes an administrative fee and will be billed equally in the amount of \$146.00 over the first and second semesters. Coverage for the second semester will run from January 2, 2009 to August 10, 2009. Spouses and dependent children are also eligible and, although not automatically covered, may apply for the Insurance at the Business Office if they wish. The cost of Part II appears as a separate item on the student billing statement. Those students who have comparable coverage may waive Part II of the Insurance by completing and returning the "Insurance Waiver Card" by the date bills are payable prior to the beginning of the semester, or waive on-line at www.studentplanscenter.com click on Muskingum and then click on Waive On-Line.

In the event an Insured Student ceases to be a student at the College, coverage remains in effect for the period for which the premium has been paid; however, upon an Insured Student entering the armed forces of any country, coverage will automatically terminate and a pro-rata return of premium will be made upon request. **NO OTHER REFUNDS WILL BE MADE.**

Alternative Coverage—If you do not meet the eligibility requirements of this plan, please call Wells Fargo Insurance Services at 1-800-228-6768 for information on alternative insurance plans.
