*Winter can be bitter at Muskingum but Ann Eggers doesn't seem to mind the weather as she crosses the bridge.*

“To face tomorrow with the thought of using the methods of yesterday is to envision life at a standstill. Even that which we now do well must be done better tomorrow.” But for progress to be made, there must be stimulus and motivation. The promise of a college education is geared to supplying these incentives. Colleges show us what has been done, what progress has been made and indicate what there is yet to do, what progress is yet to be made.

## MUSKINGUM COLLEGE . . .

*growth through 125 years.*

*Spring finds the campus green on every hand, particularly the grassy expanse of the Quadrangle.*

In the early 1800's, Scotch-Irish Presbyterians from Pennsylvania began to establish themselves in Muskingum County. The arrival of the old National Road fostered the growth of the settlements in the New Concord area into the village of New Concord. With a strong love for education, the pioneer-citizens of New Concord succeeded in establishing in 1837 a college for Christian young men.

*The college lake provides swimming in spring, skating in winter, and beauty in any season.*

Since its founding, Muskingum has seen vast developments. Twenty-one departments have grown out of three. The College began by offering nine courses; it now offers 328. An endowment of \$1,553,922 was built from literally nothing. Today Muskingum is a member of the American Association of University Women, the National Association of Schools of Music, the Association of American Colleges, the American Council on Education, and the College Entrance Examination Board. Also, it is accredited by the North Central Association of Colleges and Secondary Schools.

*The entrance to Muskingum. For 125 years students, faculty, administration and friends have passed this way.*

*Students returning from Johnson Hall along a leaf-strewn walk.*

### *... an enlarged staff...*

The growth and reputation of Muskingum's faculty and alumni illustrates the effectiveness of its educational system. In 1837 Muskingum had a mere faculty of two. Today the College boasts a distinguished faculty of 82. Muskingum prepares its graduates for advanced schools of study as well as for every vocation. The achievements of past graduates speak well for their Alma Mater. Alumni include the late William Oxley Thompson, who was President of Ohio State University for 27 years; the stage and movie star, Agnes Moorehead; and the first President of the University of Chicago, the late William Rainey Harper.

## Dedication

This year Dr. Robert N. Montgomery has announced that he will retire from his position as president of Muskingum after thirty years of service. Since 1932 Muskingum has been expanded in many directions. Dr. Montgomery has been the motivating force in this steady growth and improvement. It has been said of Dr. Bob that he "is neither a figurehead nor a legend. He is a quiet man who is highly capable, self-sacrificing, and aware of his responsibility to his family, society, and God. The first aim of Muskingum College is to help students become 'truly and intelligently Christian.' They look at Robert Montgomery and understand what this means." It is with sincere gratitude for his unselfish service to Muskingum that we dedicate the 1962 Muscoljuan to Dr. Robert N. Montgomery.

*An enthusiastic crowd at one of Muskingum's football games. Most of them are watching the game!*

From an enrollment of 17 in 1837, Muskingum has grown into a student body of 1316, while still maintaining the atmosphere of a small Christian liberal arts college. The College's 705 men and 611 women represent 32 states, including Hawaii, and seven foreign countries. This year, the American students have been able to exchange ideas with students from Jordan, Uganda, Germany, Peru, Greece, Iran, and Nigeria. The Junior-Year Abroad Plan has permitted the students to greatly increase their educational experiences, while an exchange program with Hampton Institute has given Muskingum students first-hand encounters with our country's race problems.

*...:an increased  
student body...*

Though the academic side of Muskingum is the uppermost, there is another side to the college. In leisure time the students and faculty alike are free to enjoy a great range of activities. Informative lectures, famous artist concerts, fine films are brought to campus. The radio studio and theatre provide entertainment for the student body as well as valuable experience for the participants. A wide range of academic honoraries and interest clubs offer a chance for broadening of classroom experience. A full schedule of social functions sponsored by the social clubs and all-college dances coordinated by the Center Board are also available. There is something for everyone at Muskingum on the extra-curricular as well as the academic level.

# COLLEGE

For the greater portion of Muskingum's history there were only two buildings one one and one-half acres of land. The Old Campus, as it is now called, is still there, but added to it are over two-hundred additional acres and many more recent buildings.

Brown Chapel, Montgomery Hall, the Student-Faculty Center—these are symbols of Muskingum's growth. They represent something more than just the physical. They reflect a pioneering spirit aimed at granting students every possible opportunity for self-expression and broadening facilities to account for the needs of each and all students.

This anniversary by no means marks an end to Muskingum's expansion. In the future are more new buildings, the renovation of existing ones, and, most important, critical examinations of the curricula.

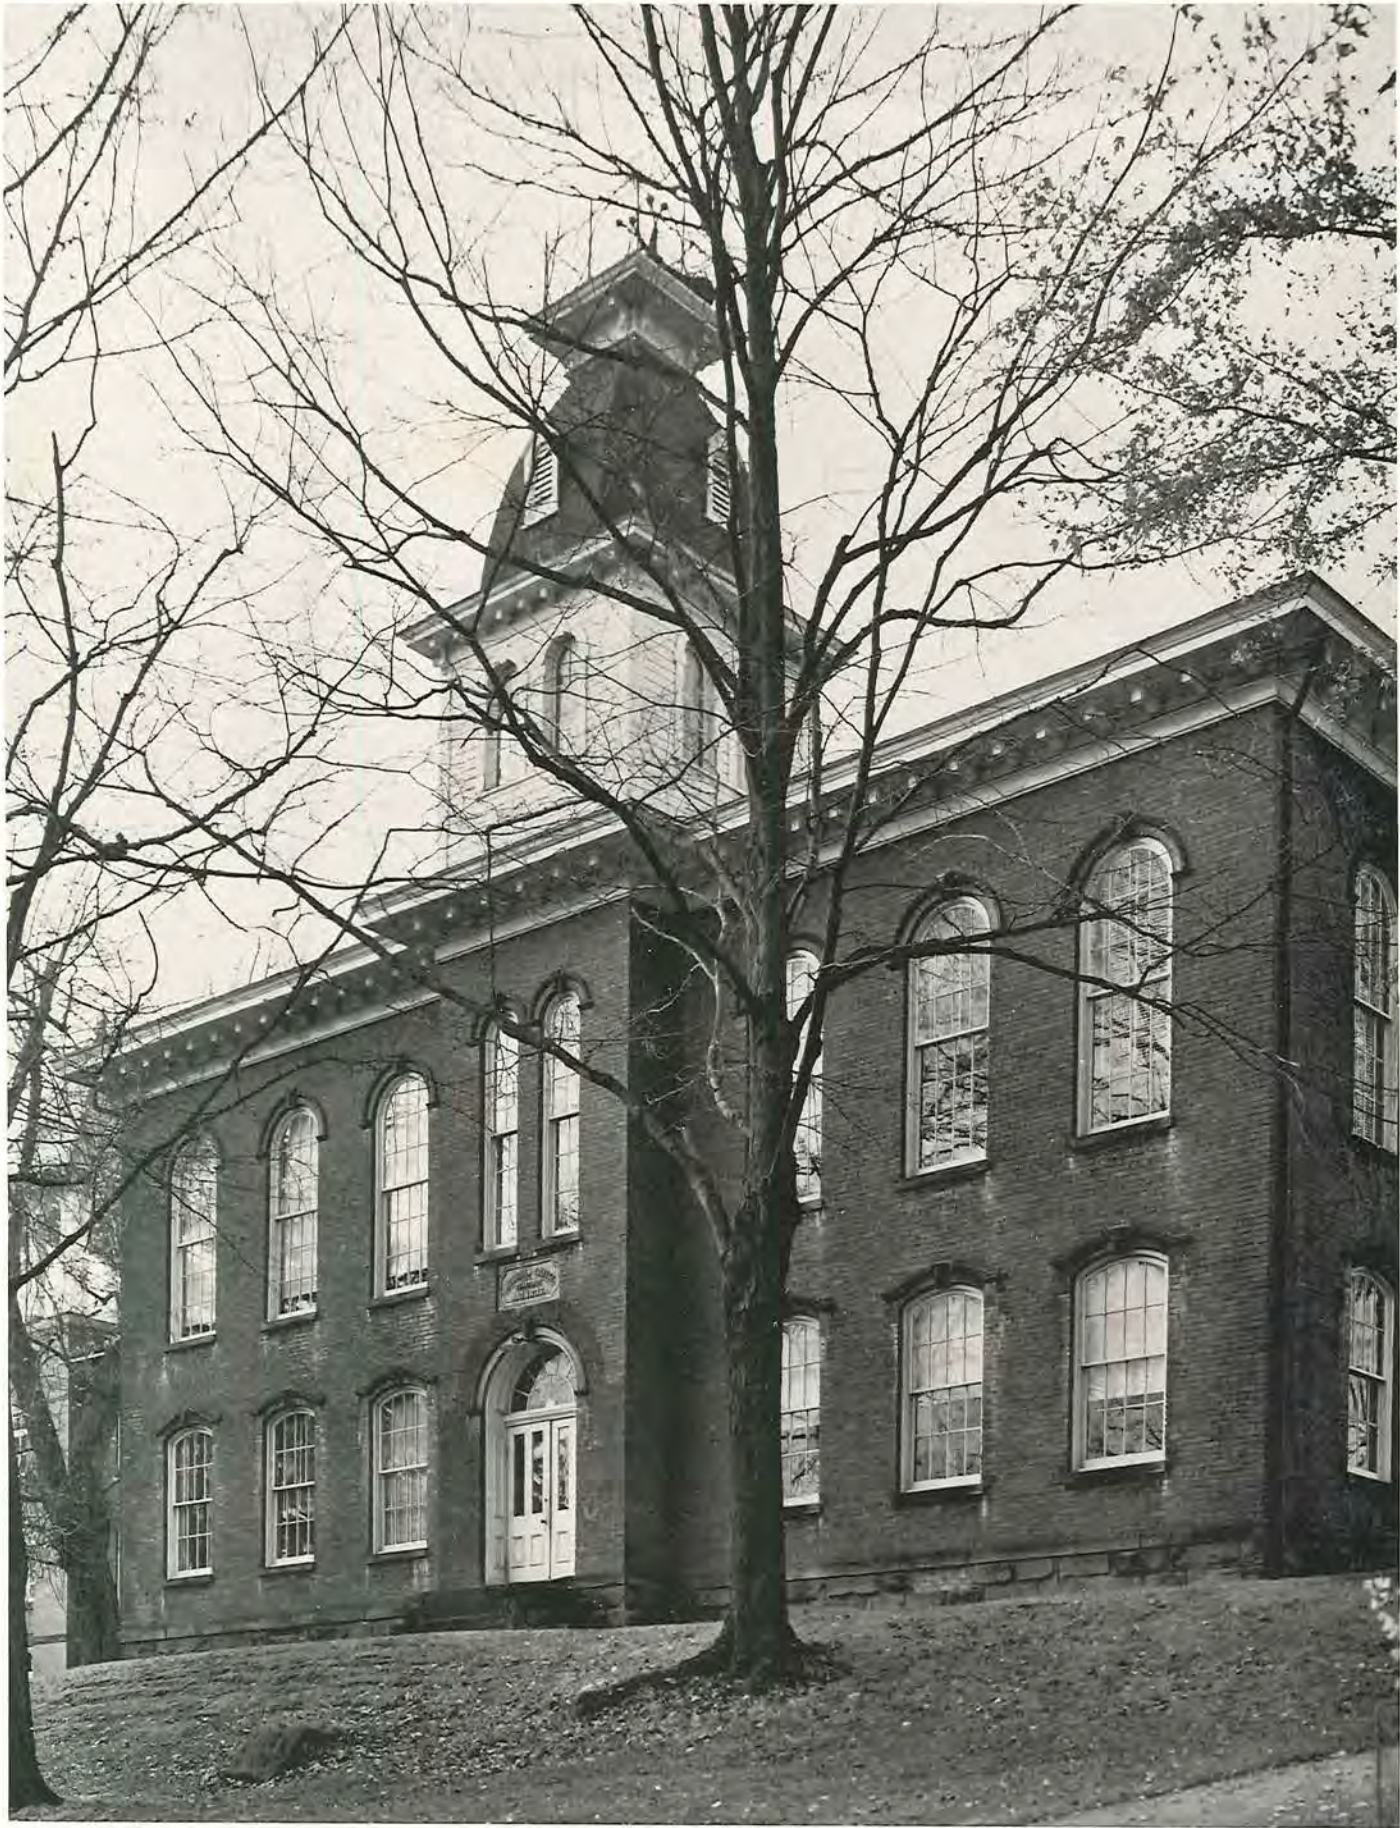

*Brown Chapel*

## *Muskingum's buildings . . .*

For seventy-five years Muskingum College consisted of two buildings on one and one-half acres of land which is now referred to as the Old Campus. Today Paul Hall, one of those two dignified buildings, have been remodeled to accommodate the Department of Music. Paul Hall bears the name of Dr. David Paul, who was Muskingum's president from 1865 to 1879.

Over half a century old, Brown Chapel maintains its position as the hub of our campus spiritual life. This is the oldest structure on the New Campus, being the first building erected by the late Dr. J. Knox Montgomery. Brown Chapel is named in honor of the late J. M. Brown of Wheeling, West Virginia, who was a generous contributor to the college.

*Montgomery Hall*

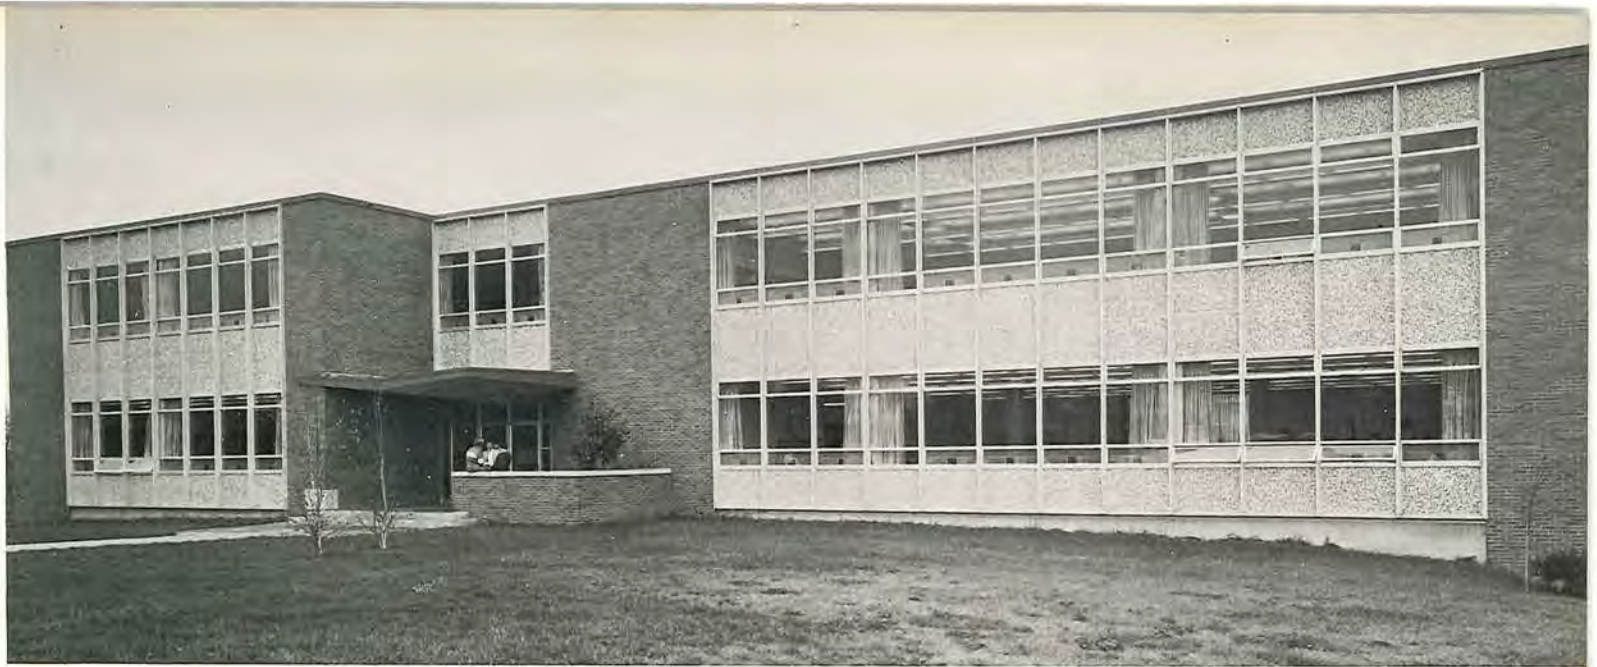

Smells of things scientific in Cambridge Hall inform visitors to Muskingum's campus that this is our building of science. Dedicated in 1929, Cambridge's facilities have been expanded to include the departments of geology, physics, chemistry, mathematics, philosophy, and psychology. Cambridge Hall derives its name from the city of Cambridge, whose residents contributed a large share toward its erection.

Today the main artery of campus life is Montgomery Hall. Built in 1919 and named for the late Dr. J. Knox Montgomery, this building houses administration and faculty offices and most general classrooms. Familiar to Muskingum's students is a large bronze plate inset of the sacred college seal on the floor of the main entrance of this building.

*Cambridge Hall*

*Muskingum's new library*

*... and for recreation.*

Opened in the spring of 1960, the new library stands as a shining symbol of Muskingum's progress. This building was erected on the site of Flagpole Hill at a cost of over a half million dollars. Offering almost every library service, the new library's facilities have greatly expanded those of the former library in Johnson Hall.

The new Student-Faculty Center represents another mark in Muskingum's progress. Completed in 1960 with the aid of a quarter million dollar loan from the federal government, this ironspot brick and red-tile roofed building satisfies a long-recognized need on our campus. Among its facilities are lounges, dining rooms, bowling alleys, offices for certain student activities, and a bookstore.

Twenty-seven years ago, in 1935, a new health and physical education building rose to replace Muskingum's first gymnasium. Today this building continues to represent one of the finest and most complete plants for physical and health training possessed by any small college.

## *dormitories . . . homes away from home.*

Three men's and three women's dormitories offer housing facilities to many Muskingum students. Two new faces on the dormitory scene are the Freshman Women's Dormitory and the New Dormitory for Men. Both of these opened in the fall of 1961. Erected in 1922, Patton Hall houses over one hundred twenty freshmen women. Adjoining Kelley Hall, completed in 1956, accommodates two hundred twenty-five upperclasswomen. The names Moore and Memorial are almost synonymous, for these recently built freshman men's dorms share the same lounge, recreation, and dining facilities.

# PEOPLE

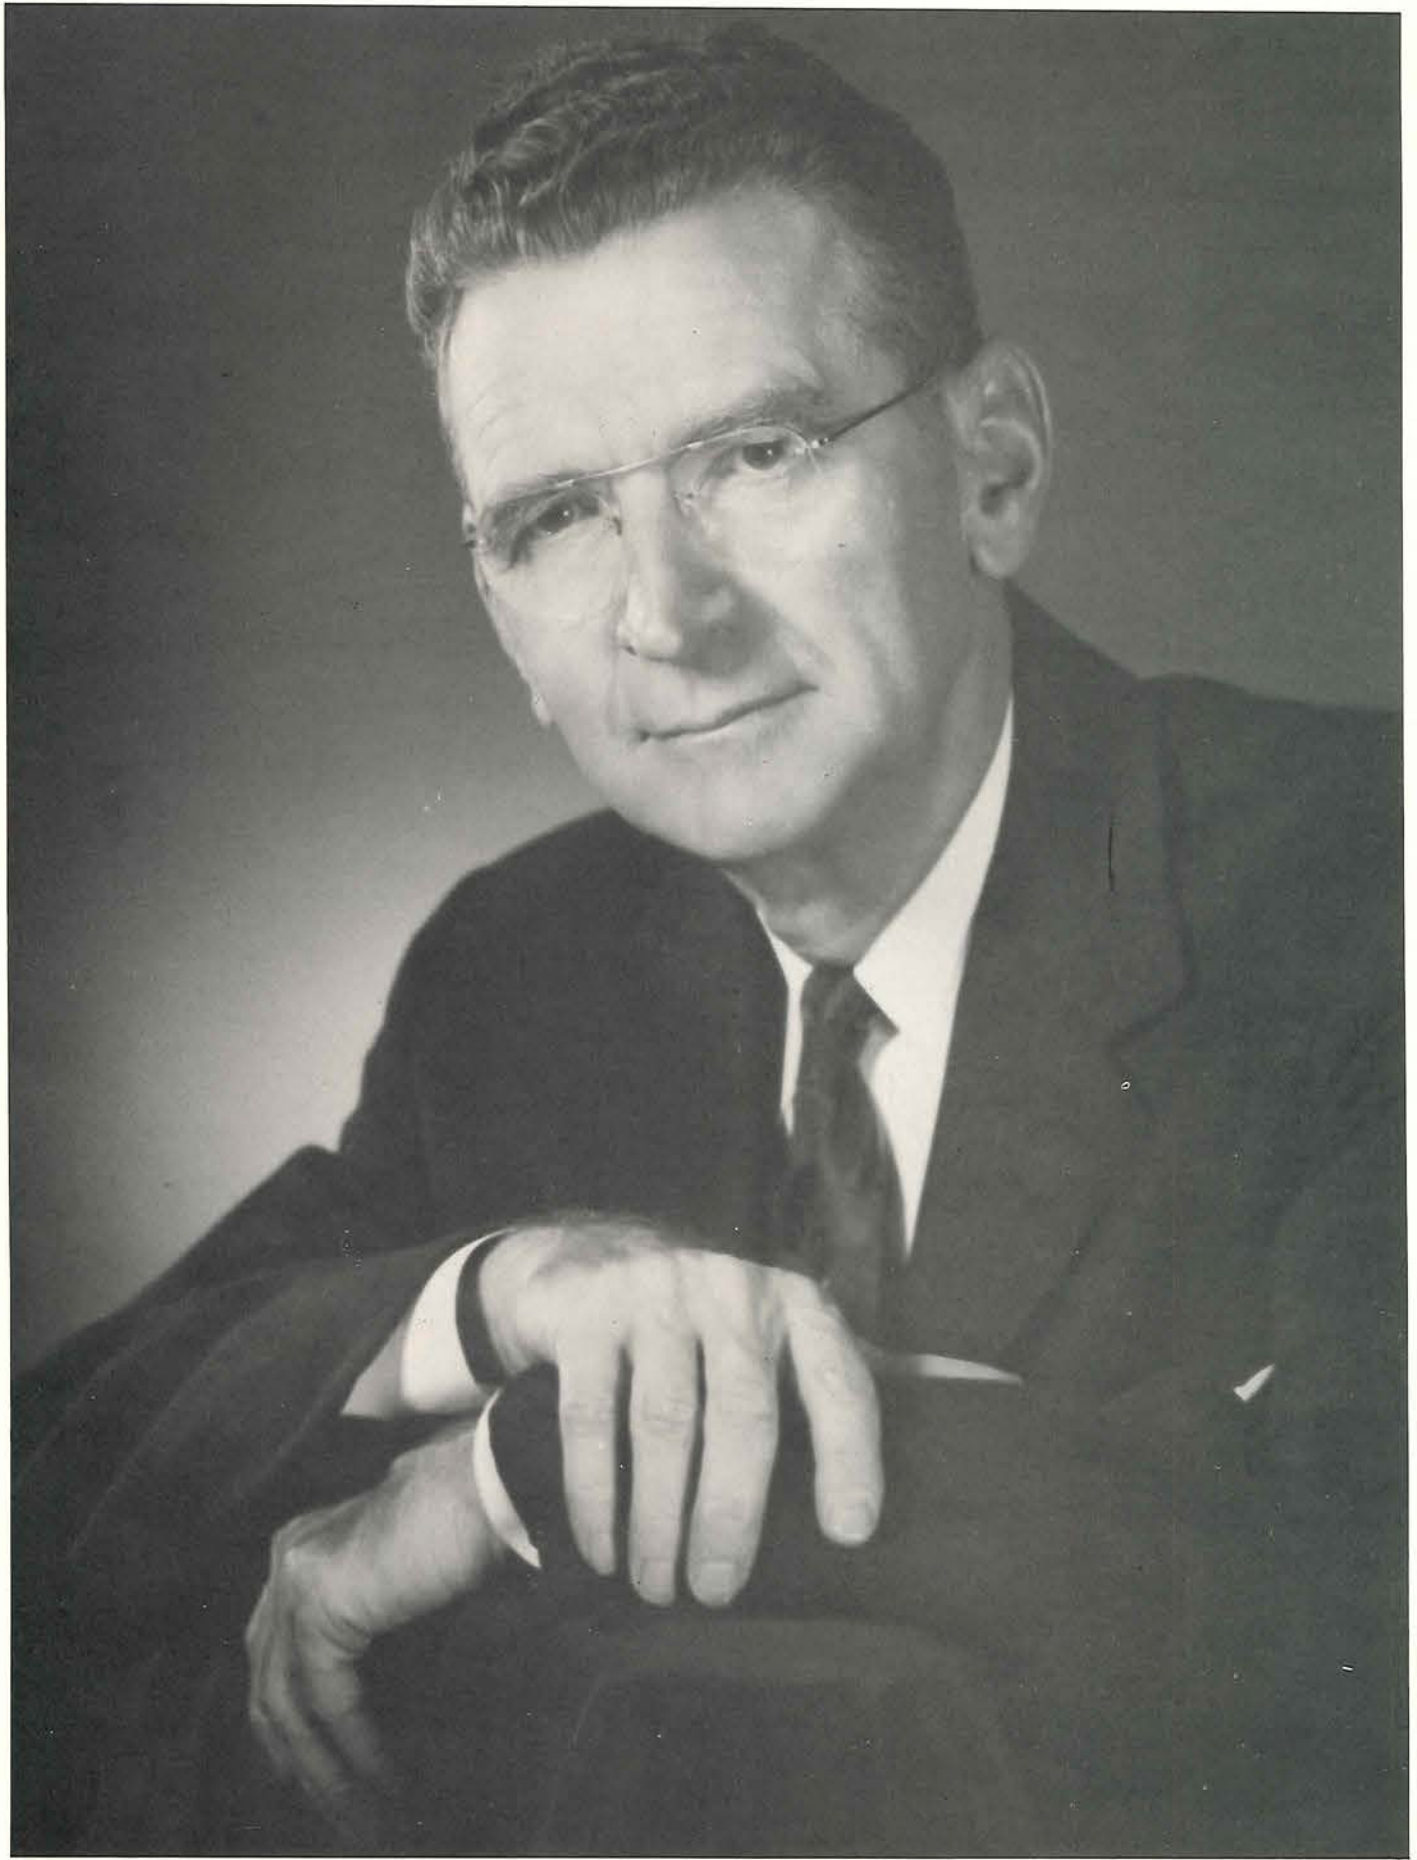

Students of all kinds, over twelve-hundred of them today, are one answer to the "why" of Muskingum. For one hundred twenty-five years of progress of, by, and for them has been made. Going back one hundred twenty-three years, to 1839, Muskingum conferred degrees on two men as her first graduating class, and since then enrollment has been on the increase, especially in recent years.

With the student body has grown the faculty. When Muskingum was fifty years old, there were only four faculty-members for fifty-six students. College expansion has raised this number to over eighty.

Never before has the demand for well-educated persons been so great. Muskingum's students and faculty are learning from the past, providing for the present, and anticipating the future.

DR. ROBERT MONTGOMERY, *President*

Dr. Robert N. Montgomery serves as president of Muskingum College. He is more than just an administrator however. Freshmen encounter him at a song fest the first day they are at Muskingum. On such occasions he introduces himself as "Dr. Bob" and then sings a stirring rendition of "Put Your Arms Around Me Honey," usually with two encores. This is the essence of Dr. Montgomery. He is a friend, a counselor, a gracious host. He and Mrs. Montgomery together embody the Muskingum friendliness, always giving of themselves to help and encourage Muskingum students. The door of the Manse is opened constantly to all. Dr. and Mrs. Montgomery have set a standard for Muskingum in the last thirty years, a standard of friendship and Christian service which has, to a great extent, made Muskingum what she is today, a Christian College with a perpetual smile.

Van Wagenen, Dr. Alfred B. Garrett, Miss Margaret H. Miller, Mr. Ben C. Gooding, Sr., Charles L. Moore, Dr. Paul H. Moore, Mrs. Benjamin F. Hazen, *standing*: Samuel G. Warr, Dr. Earl McGrath, Dr. George E. Parkinson.

*Dean of Men, John Leathers*

John L. Leathers, Dean of Men and a part-time Assistant Professor of Psychology, came to Muskingum in 1957. As part of duties beside directing many of the men's activities of the school, he is a member of the Admissions Committee and Community Council. Dan Leathers received his B.S. degree from Clarion State Teachers College and his M.Ed. from the Pennsylvania State University.

*Dean of Women, R. Mae Schultz*

Roberta Mae Shultz became Dean of Women of Muskingum College in 1960. As part of her duties, Mrs. Shultz is a member of the Community Council and the Student-Faculty Judiciary Committee. Being the director of the woman's activities, she also acts as advisor to such groups as Women's Interclub and A.W.S.

*Dean of the College, Howard V. Evans*

Dean Howard V. Evans, holder of Ph.D., M.A., and Ph.B. degrees from the University of Wisconsin, joined Muskingum in 1956 as Dean of the College and as a part-time Professor of History. Counseling students in academic matters and working with the faculty in determining the basic education program and degree requirements are a few of his many important duties.

*Vice Pres. of the College, Glenn L. McConagha*

Dr. Glenn L. McConagha has served as the administrative vice-president of Muskingum College since 1953. Besides being concerned with the building program of Muskingum, he acts as one of the ex officio members of all committees which are composed of both faculty members and administrative officials. He received his B.A. degree from Muskingum and his Ph.D. degree from Ohio State University.

Among the Officers of the Administration, a different face was noticed this year—that of Mr. Winthrop E. Robinson, who received his B.B.A. from Boston University, is the new Business Manager. Before coming to Muskingum, he was Credit Manager of Shaw-Barton in Coshocton. As Business Manager, Mr. Robinson handles the physical assets of the College: its buildings, land, and investments.

## ADMINISTRATION

*Sonie Burson looks up from her work as Miss Orr's secretary to smile for the camera.*

Encompassing a wide variety of courses are the three divisions of the Department of Education, headed by Dr. Miller. Here students are instructed in the principles and practices of teaching and learning. The purpose of the education division is to enable students to meet the requirements of the teaching profession. The health and physical education division offers instruction in personal hygiene, physical education, and recreation, with modern facilities to prepare majors for teaching health and physical education, recreational work, and physical therapy. The division of home economics trains its students in the practical field of homemaking as a vocation or for personal use.

Necessary for success in any vocation is the ability to express oneself effectively. Headed by Dr. King, the Language and Literature Department offers Muskingum students a thorough background in language, speech, and literature—all essential to self-expression. In the English division students receive instruction in writing and in the analysis

and appreciation of English, American, and world literatures. The addition of Russian to the language division brings the number of classical and modern languages offered to six, including Greek and Latin, French, German, Spanish, and Russian. Emphasizing methods and content, the speech division prepares its majors for work in public relations, teaching, radio, drama, and related fields.

Research, application, progress—Muskingum's Mathematics and Science Department challenges its students with these. Courses are geared to instruct students in an understanding of their physical world and to prepare majors for work in teaching, engineering, medicine, and dentistry. Included in this department are courses in biology, chemistry, geology and geography, mathematics, and physics. The study of mathematics and the sciences is pursued through lectures, individual investigation and thought, and laboratory periods, all with an eye toward cultivating a scientific spirit and attitude, encouraging an understanding of man and his physical environment, and broadening the student's cultural background.

*Putting arts skills to work in poster making.*

If a liberal arts education is to make its students well-rounded individuals, then part of their training must include an appreciation of the aesthetic. This is the purpose of our Music and Art Department, under Dr. Kendall. Here a student may take art or music courses for either personal interest or to lead to a professional career. Individual creativity is stressed in the art division. Drawing, painting, design and application are undertaken to foster this creativity. Study in the music division enables students to teach and supervise music and to play professionally. Participation in various musical organizations on campus is also encouraged.

Headed by Dr. Hutchison, the Philosophy and Psychology Department emphasizes a comprehensive study of life and the human behavior of man. Philosophy students consider logic, ethics, aesthetics, metaphysics, and the theory of knowledge in their interpretation of life. They also investigate the facts and principles of reality and of human nature and conduct. Psychology students study the systematic knowledge and investigation of the phenomena of consciousness and behavior. With an understanding of human behavior it is possible for these students to better control and predict their own behaviors. This department also aids majors who are planning to become professional psychologists.

## Social Science

Over fifty courses in economics and business administration, history, sociology, and political science are offered to students by Muskingum's Social Science Department. Chairmanned by Dr. Fisk, this department seeks to give its students a broad basis for the understanding of social and economic problems and to prepare its majors for teaching and careers in law, government service, and related fields. Economics students consider economic problems of society, while history students examine past ages and apply this knowledge to modern society. A study of political science acquaints students with political forces and institutions, and sociology acquaints them with the human behavior of social groups.

## TRAILWOOD HEIGHTS

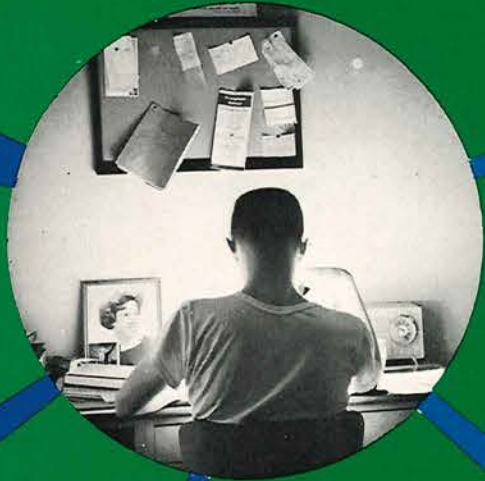

The post-World War II period brought many changes to Muskingum. Along with an influx of veterans, several married couples entered school. In September of 1946, The Federal Public Housing Administration constructed six barracks to supplement the trailer homes which had been supplied by the school as homes for the married students. On September 25, 1946, sixteen married

couples met and adopted the name Trailwood Heights. This year there are thirteen families living there. Gary McGuire is the mayor of this small community. At their town meeting every two weeks, the people at Trailwood make plans for their various community projects—such as a homecoming float, cook-outs, and their community Christmas party.

# ACTIVITIES

Besides stressing excellence in class, Muskingum also encourages its students to balance their college careers by participating in extra-curricular activities. So great a variety of activities are offered that everyone can find something that he can benefit from. Activities are of a reciprocal nature: you feel useful and successful because you are giving something to them, and they are useful and successful because of your giving.

Muskingum has sports, local and national honoraries, religious groups, vocal and instrumental music organizations, publications, speech events, student counselors, a student government, social clubs for men and women, class activities, and clubs connected with the students' major fields of study. Somewhere in this vast array is an organization for everyone.

*On warm days many professors prefer to lecture in the cool atmosphere of the "College Spring." Here Dr. Chawla conducts one of his classes.*

## ALPHA SIGMA MU

Alpha Sigma Mu is a campus organization open to students interested in some phase of church work. The active membership numbers approximately twenty and includes the officers: Harry Clark, president; Jim McCausland, vice-president; and Louine Anderson, secretary-treasurer.

Promoting the religious life on campus is the aim of this group which is under the direction of Dr. Hutchison. Alpha Sigma Mu provides chapel programs and sponsors the coffee hours after monthly chapel.

The Alpha Phi Chapter of the Phi Alpha Theta national history fraternity was organized on Muskingum's campus in the year 1947, and it is dedicated to the study and promotion of history. This active group is headed by Don Reid as president, and is composed of students of history and also the professors.

The requirements of this group are exacting and efficient. It is necessary to have an accumulative average of 3.0 of which 12 hours must be of history and six of these hours must have a grade of "A."

## ALPHA EPSILON DELTA

Organized in 1951, the Alpha Epsilon Delta is a national honorary fraternity under the leadership of Mr. Barnes. This group is composed of pre-medical students as well as those in allied fields such as dietetics, technology, and chemistry. To qualify for admission into this organization, it is necessary to have achieved a 2.8 G.P.R. and at least a second semester sophomore standing. Also necessary are outstanding character, personality, and ability in the field of medicine. Its purpose is to promote interest and educational opportunities in the medical fields.

The American Chemical Society is the local student chapter of the National Chemical Society. Membership in the society is available on both national and local levels. The chemistry majors are eligible for national membership and participate in regional meetings of the American Chemical Society along with receiving a weekly publication. To the local members is offered the opportunity of attending monthly meetings and taking field trips. All this activity is to further the purpose of the group which is dedicated to the study and promotion of chemistry.

## PHI SIGMA IOTA

The Phi Nu chapter of the National Romance Language Honor Society was established on Muskingum's campus in 1948. It is composed of the teachers of the Romance Languages and of students with a junior and senior standing who are studying in at least third year French or Spanish. Another requirement of this honorary group is that the students have a cumulative G.P.R. of 3.0 in all their college work.

Throughout the year this group pursues its purpose of encouraging the highest scholarship and individual research in the field of the Romance Languages.

## SIGMA TAU DELTA

The Sigma Tau Delta is a national honorary fraternity which is composed of junior and senior students who are majoring in English. Students other than English majors and who are interested in writing may be awarded an associate membership.

During the year, this honorary group accomplishes its purpose of encouraging excellence in the various fields of literature and composition.

In the fulfillment of its goals, the Sigma Tau Delta sponsors an annual writing contest, the best works of which are published in magazine form in the *Hierglyphic*. The group also holds an annual spring recital.

## THETA GAMMA EPSILON

Theta Gamma Epsilon is a departmental organization of geology and geography which serves to unite those students interested in scientific investigation in these fields. The primary purpose of this well qualified group is to stimulate research and the excellence of scholarship as well as promoting the exchange of ideas. This exchange of ideas takes place among those members who are scientifically, professionally, or culturally interested. The Theta Gamma Epsilon organization selects its members on the basis of academic achievement and interest, and they are chosen by a committee under the direction of the department.

One of the most recent national honorary fraternities to be established at Muskingum is the Sigma Pi Sigma, the Physics Honorary Society which received its charter in 1940. This fraternity is composed of the highest ranking students in the Physics department and alumni who were outstanding physics majors. The Muskingum chapter of the Sigma Pi Sigma is advised by Professor James Bradford and is also under the capable leadership of Wade Boring as President, William Whirl as Vice-president, and Professor William Acheson as corresponding secretary.

## ORDER OF ARTUS FLYING MUSKIES

Formed this year, The Flying Muskies, are a group of students interested in flying and having pilot's licenses. Headquarters for the group is the Zanesville Airport. Bob Palmatier is president and Dr. Langbein, advisor.

A national honorary society on Muskingum's campus, the local chapter of the Order of Artus is organized in the field of Economics and Business Administration. The purpose of this society is the attempt to aid in the establishment of a more thorough understanding of the fundamental concepts of Economics. The academic requirements for membership in the Order of Artus are an all-over cumulative G.P.R. of 2.5 in all work undertaken with a G.P.R. of 3.0 or above eighteen hours in Economics and Business Administration.

## CWENS

Scholarship, leadership, service, and character comprise the requirements for the Cwens. The Cwens is a national group, and the honorary society for sophomore women. Under the efficient leadership of Mary Jo Patterson as president, and Mrs. Montgomery as advisor, the Cwens perform many services for the college community during the year.

In September they arrive earlier than other upper classmen and join with the Phi Alpha Pi in welcoming the freshmen to Muskingum. Among the other services they perform are the selling of hot dogs at Homecoming, celebrating the founding day, and acting as guides for Ohio Synod Day.

## PHI ALPHA PI

The local honorary fraternity for sophomore men is the Phi Alpha Pi. There are six members of this group, chosen on the basis of loyalty to Muskingum ideals, interest in the welfare of the college, and on the basis of their good scholarship. This year Jon Siehl heads the organization as its president.

The Phi Alpha Pi works on many service projects during the year. Among these are welcoming the freshmen arrivals and acting as guides during Ohio Synod Day, as well as many others which extend their talents.

## SR. WOMEN'S HONORARY O.O.O.O.

Each year 10 percent of the women in the junior class are chosen to the Senior Women's Honorary Society. Founded in 1936, its primary purposes are to foster leadership, encourage creativity, and to improve campus conditions whenever possible. This year its ten members were directed toward many creative goals under the guidance of Marty Brouwer as president, and its five advisors.

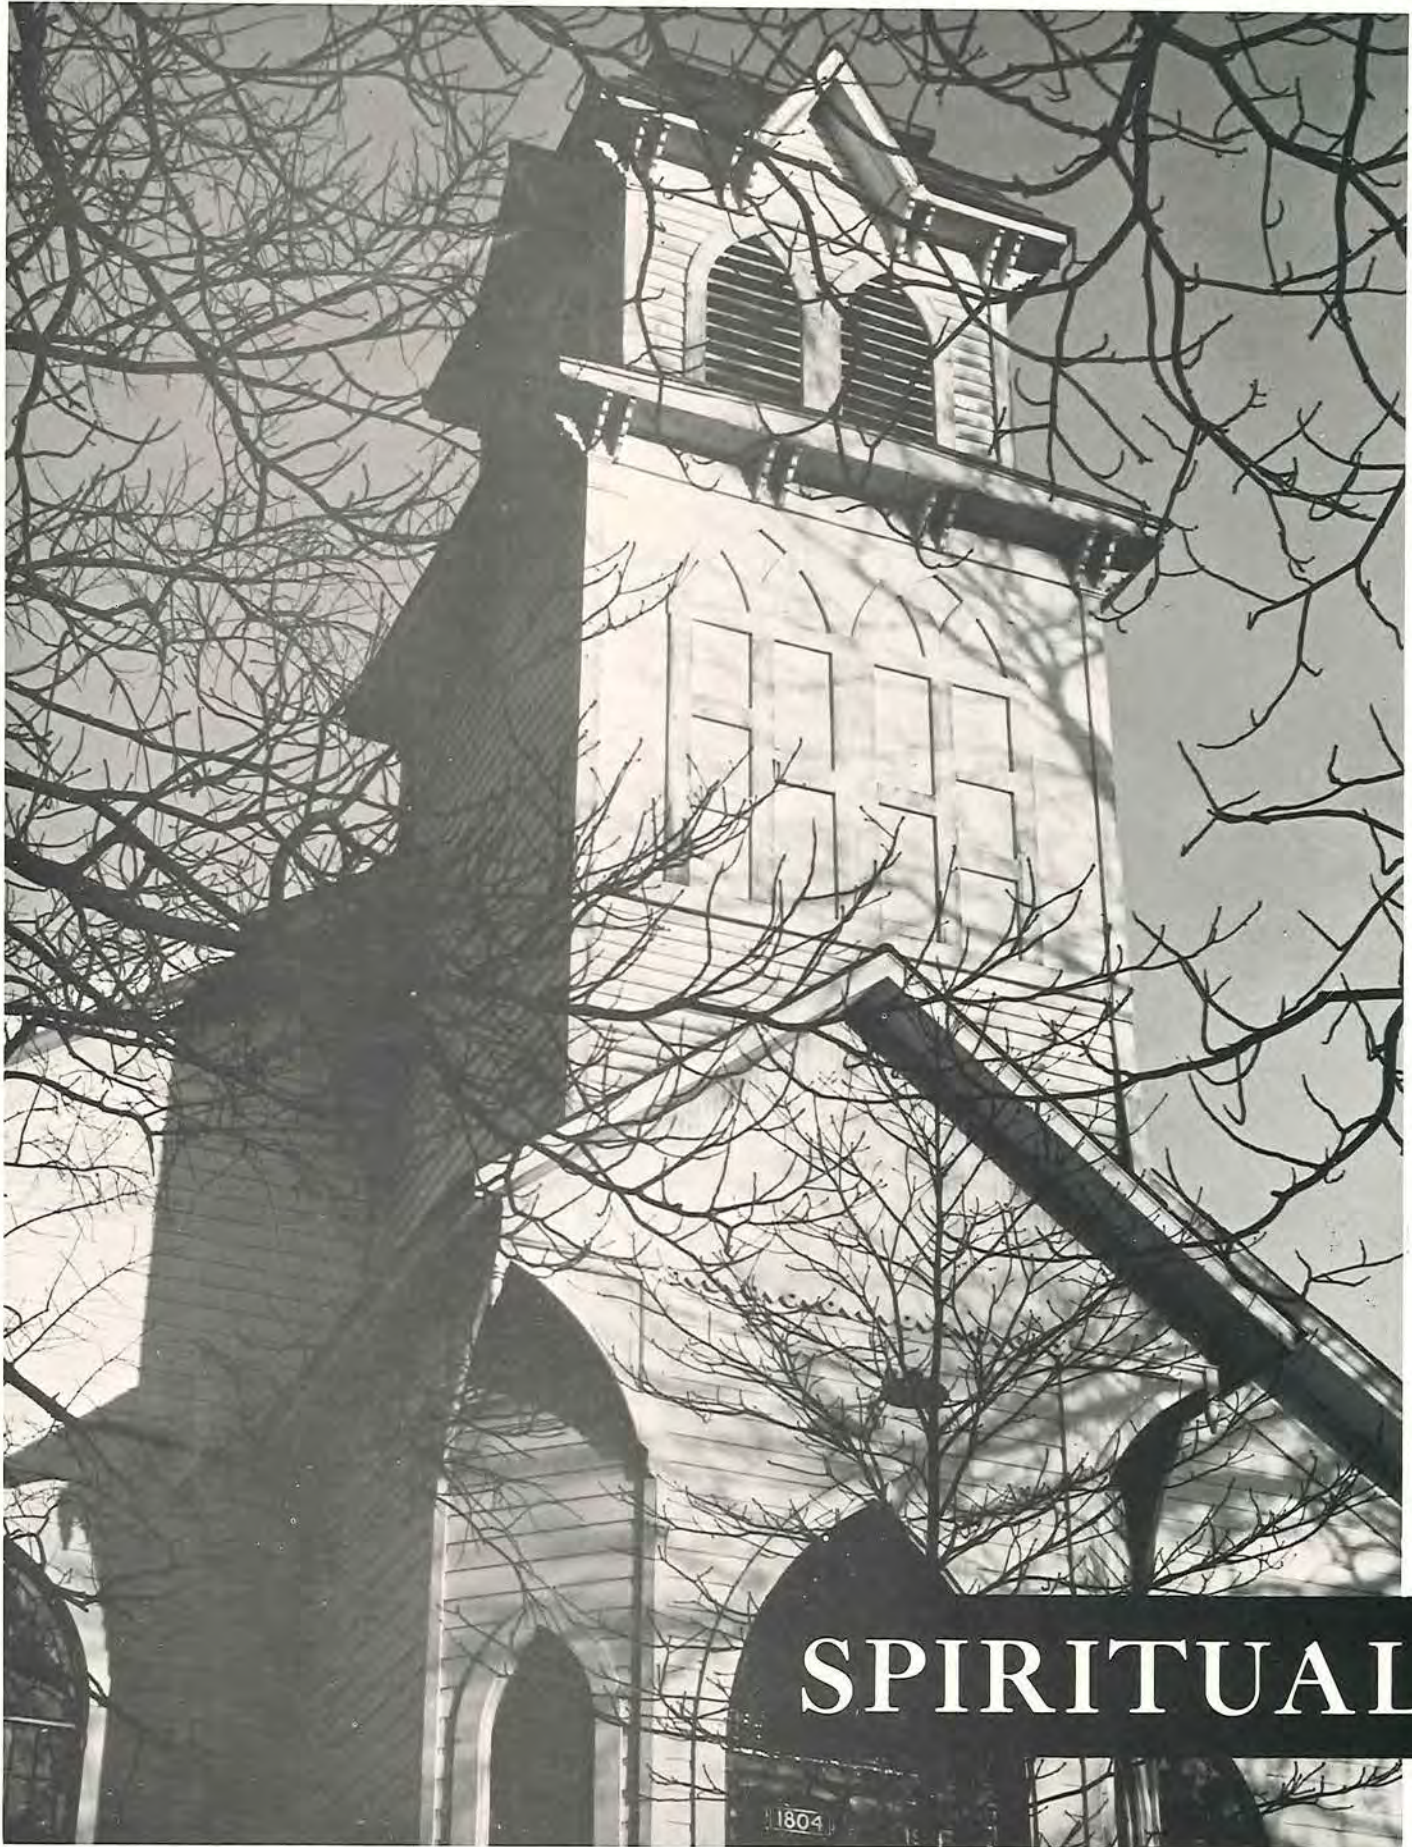

Among their accomplishments were selling slippers at the A. W. S. Christmas Bazaar, compiling a cookbook of faculty wives' recipes, sponsoring an alumni gathering, and taking a cultural trip.

Among the local honorary fraternities on Muskingum's campus is the O.O.O.O. which has for its members junior, senior and faculty men. The worthy purposes of this organization are numerous. They seek to create, preserve, and foster traditions and ideals of Muskingum College, to promote respect for the regulations and the customs of the college, and to develop and recognize the spirit of leadership in the student body. Character, scholastic achievement, and service to Muskingum are the qualifications on which the members are chosen.

*The Methodist Church*

*The College Drive Presbyterian Church*

*Monthly Chapels provide spiritual enrichment above and beyond general religious activity at Muskingum.*

Ever since its founding by men of different Christian beliefs, Muskingum College has been a Christian institution. The spiritual atmosphere is one in which beliefs are tested and challenged as students, faculty, and administration seek to develop a more intelligent Christian relationship with God. The diverse character of the many Christian campus activities give stimulation and

strength to all who participate. All activities are geared for application to this fast-paced modern world and include opportunities for Christian service, Bible study, meditation, and fellowship. Although Muskingum is controlled by the Ohio Synod of the United Presbyterian Church in the United States of America, students of all denominations are welcome.

## *Spiritual Emphasis Week*

Spiritual Emphasis Week, dedicated to stimulate student interest in Christian precepts, had for its theme this year "Cry - Contemporary Christ." The speaker was Dr. Louis H. Evans, minister-at-large of the Board of National Missions of The United Presbyterian Church in the U.S.A. A graduate of Occidental College in Los Angeles and McCormick Theological Seminar, Dr. Evans is a world-wide speaker and a noted author.

During his stay at Muskingum, Dr. Evans conducted evening chapel services, visited various clubs and organizations, and held private consultation with individual students.

The chairmen for the week were Sandy Bowman and Larry Ligo.

## Y.M.C.A.

The Y.W.C.A. first appeared on Muskingum's campus in approximately 1883. After more than seventy-five years, this growing organization is still fulfilling its aim of uniting to realize a full and creative life through the knowledge of God.

Under the guidance of Mrs. Robert Montgomery, the Y.W.C.A. holds weekly meetings and worship services and sponsors the Y.W. Big and Little Sis program which has become an integral part of the traditional Muskingum congeniality.

Y.W. president, Phyllis Knapper; vice-president, Barb Johnson; secretary, Dee Kline; and treasurer, Betty Harris are today leading more than three hundred Muskingum women in keeping with their goal of making a creative life through God possible for all people.

Muskingum men first had the opportunity to become members of the Y.M.C.A. about the year 1883. The 1961-62 officers: Dick Jones, president; Dave Bennett, vice-president; Bill Walker, secretary; and Ken Trend, treasurer are assisted by Dr. Russell Hutchison, Dr. S. J. Vellenga, Dr. James Bradford, and Mr. Peter Crossland.

The Y.M., which is open to all Muskingum men, wishes to instill Christian ideals into the lives of its members. Weekly meetings provide opportunities to discuss vital issues from a Christian point of view.

Both the Y.M. and the Y.W. join together in sponsoring WUS Week, Spiritual Emphasis Week, the Christmas Sing, and the Fall All-College Picnic.

## RADIO STATION WMCO-FM

One of the most recent additions to the history of mass communication at Muskingum was the establishment of "the radio voice of Muskingum College" in January, 1961. Located in the basement of Cambridge Hall, WMCO operates on an educational frequency of 91.1 megacycles on an F.M. receiver. Since its beginning, the station has steadily increased its output of musical programming along with greater coverage of world and local news. All Muskingum sports events are broadcast over WMCO. The station is presently supervised by Mr. Stanley Schutz, professor of speech. Hal Burlingame and Steve Price serve as its Station Manager and Program Director respectively.

## *National Collegiate Players*

Muskingum was honored with the establishment of the National Collegiate Players in the year 1927. This group is a national honorary fraternity for dramatics which usually establishes chapters only at the larger institutions.

To become a member of this honorary group, it is necessary to have attained a high distinction in the field of acting and the theater, and to have maintained a good scholastic record. The group is made up of representatives from the Muskingum Players who have participated in college plays and have taken advanced courses in interpretation.

*National Collegiate Players along with Muskingum Players is the mainstay of the theater activity on campus. Examples of their hard work are the productions such as Ionesco's "The Bald Soprano" shown here.*

*Community Council heads: Dick Brown, vice-president; Carl Beigie, president.*

The interaction of administrative and student ideas is realized in the Community Council of Muskingum College. Consisting of fourteen members from the student body and five faculty members, the group meets bi-weekly in the Board Room of the College Library. The five faculty representatives are selected by members of the Council. Through the functioning of Community Council a better relationship is maintained between the faculty, students, and community. The offices of President and Vice-President have been fulfilled this year by Carl Beigie and Dick Brown respectively. Each spring various students campaign for the offices of President and Vice-President. An election by the entire student body decides the final selection. Community Council is one of the many organizations on the campus which provides education for living in a world of civic participation.

# MUSKINGUM PLAYERS

*Home away from home for Muskie Players—The Little Theatre.*

Theatre has played an important part in the cultural history of Muskingum. Muskingum Players, an active theatre group on campus, has done much during the past years to promote interest and understanding of the best dramatic literature and productions. At the beginning of the school year the group presented, "An Evening With Ionesco," consisting of two one-act plays by the avant-garde playwright. A Homecoming Tea for alumni of Muskingum Players brought back many former members. March as International Theatre Month provided many interesting exhibits on various phases of theatrical work around the campus. The officers of the group are Bing Bills, President; Lorraine Commeret, Vice President; Sherran Reynolds, Secretary; Donald Kelm, Treasurer; and Becky Gillis, Program Chairman. The advisor of the group is Mr. Donald Hill.

## MUSKINGUM COLLEGE COUNCIL ON WORLD AFFAIRS

*Russian Embassy officer, Valeri Kravchenko, addresses one of the year's most attended McCowa meetings.*

May 11, 1960 was a date which played an important part in Muskingum's history and its relationship to the world. On that day the first charter meeting of McCowa took place. The Muskingum College Council on World Affairs was formed so that the student body, faculty members, and townspeople might gain greater insight into world problems. McCowa offers tours of Washington, D.C., the United Nations, and the Little United Nations Assembly at Indiana University. The speakers at McCowa come from a wide range of political and social backgrounds. Dean Howard V. Evans serves as the executive advisor of McCowa and Janet Skuce is the president of the organization. The problem of relating the college student to the world in which he lives is being solved in the primary purpose of McCowa keeping the student from being isolated from the events of the world.

The historical view of Muskingum would not be complete without mention of the Debate Squad and its fine work. During the past four years Dr. James Golden has been the chief advisor to the squad. Combined with his coaching and the efforts of the squad members the group has won many significant awards during the years. The national topic for this year was: "resolved that Labor Organizations should be under the jurisdiction of anti-trust legislation." An international flavor was added to the contests this year in the debate between our squad and the debaters from Cambridge University in England. The manager for this year's squad was Chuck Harner. A significant fact in the success of the team is that its four top members all have winning records of at least 75%.

Muskingum's campus newspaper, The Black and Magenta, made its first appearance in December of 1902. Published by "The Black and Magenta Joint Stock Company of New Concord, Ohio," the first issue was a monthly publication consisting of 23 pages. The first issue consisted of several articles by alumni and faculty members. The original predecessor of today's "Hoppin' Around" column was entitled "Locals" and told of a certain young half-back football player who rode on his horse each Saturday afternoon to the end of town to meet a certain young lady. At present, the B. & M., a four-page publication, is edited by Paul Alvarez and appears each week of the school year. With the aid of several student reporters, it brings articles of interest to a cross-section of the Muskingum College population.

In Muskingum's history, the year 1907 saw the publication of the first volume of the Muscoljuan. Dedicated to the late Dr. J. Knox Montgomery, it was edited by Elbert R. Moses, a 1905 transfer student from Wooster College, and consisted of 162 pages. Expansion is the word which best describes the difference between that first Muscoljuan and this one. In 1907 a total of 104 students and 14 faculty members were at Muskingum. The year 1962 brings this Muscoljuan edited by Whitney Scally, to some 1245 students and 93 faculty members. Although history has expanded the number of people reached by this annual publication, it has not changed its basic aim which was in 1907 "to give a true and impartial representation of Muskingum College life."

*Muskie marchers join with Wooster band in the National Anthem at Migration Day, 1961*

The marching band first appeared on Muskingum's Campus as early as 1915. Since then the group has enlarged and changed considerably. For the past three years the band has been composed of all male students, with exception of our eight majorettes, headed this year by Peggy Pringle. Wade Sturni was Drum Major. Dr. Raymond Zepp has directed the group for the past six years through the home football games, plus Migration Day.

## FRESHMEN MEN'S GLEE CLUB

Each Wednesday evening a group of freshman men entertained at Homecoming, Thanksgiving Dinner, and The Freshman Men's Formal. The Club reappeared at Muskingum four years ago and has been under the direction of Miss Mead. The men entertained at Homecoming, Thanksgiving Dinner, and The Freshman Men's Formal.

Muskingum received twenty-five English hand bells from New York's Brick Presbyterian Church. Several girls assembled and organized the Bell Choir. The choir is in its fifth season on campus, and has become well-known to Muskingum students. The members usually possess some musical ability, and play for Chapels, and several other activities, particularly during the Christmas season. Besides campus activities, the nine girls also perform for different organizations in Zanesville, Cambridge and the surrounding area.

The 1961 Muskingum football season opened at Marietta where the "Fighting Muskies" ground out a 14-0 victory over the rugged "Pioneers." Sam Miller played an outstanding game both offensively and defensively as he scored both touchdowns and intercepted a pass setting up one of his touchdowns.

The second contest of the year found Muskingum's winning streak snapped at 13 consecutive victories by a powerful Baldwin Wallace team. The "Yellow Jackets," who eventually went on to achieve national recognition, held the Muskies to 6 points as they scored 35. The Muskies only score came on Sam Miller's 10 yard run to climax a 99 yard drive.

In the first home game of the year, the Muskies got back on the winning trail by downing a stubborn Denison eleven. The "Big Red" scored early but the advantage was lost as Tom Frazier intercepted a pass to set up Tom Bixler's one yard touchdown plunge to tie the score 7-7 before the half.

"Ike" scraps, "Bix" braces, Burson leads, as Frazier drives for another gain.

Cunningham stiff-arms a would be Marietta tackler.

The second half proved to be a defensive battle as the Muskies scored but once on a one-yard run by Cunningham. The defense turned back several Denison drives highlighted by a thrilling goal line stand with seconds remaining in the game.

Spectators at McConagha stadium saw the Muskies explode offensively as they smashed Mt. Union 36-0. Paced by Sam Miller's two touchdowns and Jim Burson's running and passing, the Muskies remained undefeated in conference play. The defense again was outstanding as they held the "Purple Raiders" scoreless.

Before a large Homecoming crowd, the Muskies presented coach Ed Sherman with his 100th victory by a 23-0 romp over the Heidelberg "Student Princes." The game was hard fought but the passing combination of Burson to Myers sparked the Muskies to victory. On a key play from the Muskies 35, Jim Burson dropped back and threw a 35 yard pass to Tom Myers who outran the Heidelberg defender for his first touchdown of the day.

Later in the game Tom Myers scored his second touchdown to climax an outstanding game by the Muskies.

Highly acclaimed West Chester State was the next victim of the Muskies as they defeated the "Golden Rams" in their own stadium. This was the first defeat the Rams had experienced in a home contest for five years. Ron Dierks stunned a capacity crowd by returning an intercepted pass 67 yards to pay dirt.

On their next encounter, the Muskies traveled to Akron where they were dealt a crashing blow, 35-14, by the Akron University "Zips." The game was completely dominated by the Zips; the highlights for the Muskies being Sam Miller's 2 yard touchdown jaunt and a touchdown pass to Tom Myers from Jim Burson.

The following week found the Muskies traveling to meet their arch-rivals, the Wooster Scots.

*Burson completes—despite the efforts of a leaping lineman.*

The game proved to be a rugged defensive battle as the Muskingum defensive turned back the Scot invaders time and time again. The first half was played to a scoreless tie as the Muskies were unable to drive the ball out of their own territory. In the second half, the Muskies dominated play as the offense began to click. Tom Bixler climaxed a 57 yard drive with a one-yard plunge and the Muskies went on to win 6-0.

The final game of the season saw the Mid-Ohio champion, Findlay, meet the spirited Muskies. The mighty Muskies proved worthy of the task and downed the "Oilers" 32-0 as the offensive and defensive units both played outstandingly. Highlight of the scoring was a 33 yard field goal by Dick Anderson, his second of the year. This was the final game for fifteen seniors, who in their four years at Muskingum, compiled an incredible record of 31 victories and only 5 defeats.

Sparked by six returning lettermen, the 1961-62 edition of the "Fighting Muskies" placed 3rd in the Ohio Conference and finished with a very commendable 13-9 record. Showing marked improvement over their previous season, the Muskies under the capable tutelage of Robert Burkholder provided top-flight competition for all their opponents. The Muskies were the only team to defeat conference champion Ohio Wesleyan in league play and later showed their dominance over the Bishops by beating them in the Ohio Conference tournament.

The Muskies displayed awesome power as they opened their season with four straight conference wins. Paced by Captain George Klein, Jim Burson, and Joe Arganbright, the Mighty Muskies downed Hiram, Denison, Capitol, and Ohio Wesleyan and became contenders for the Ohio Conference crown.

*Determination shows on Klein's face as he drives for two points.*

*Excited crowd watches the Muskies play Kenyon on the home court.*

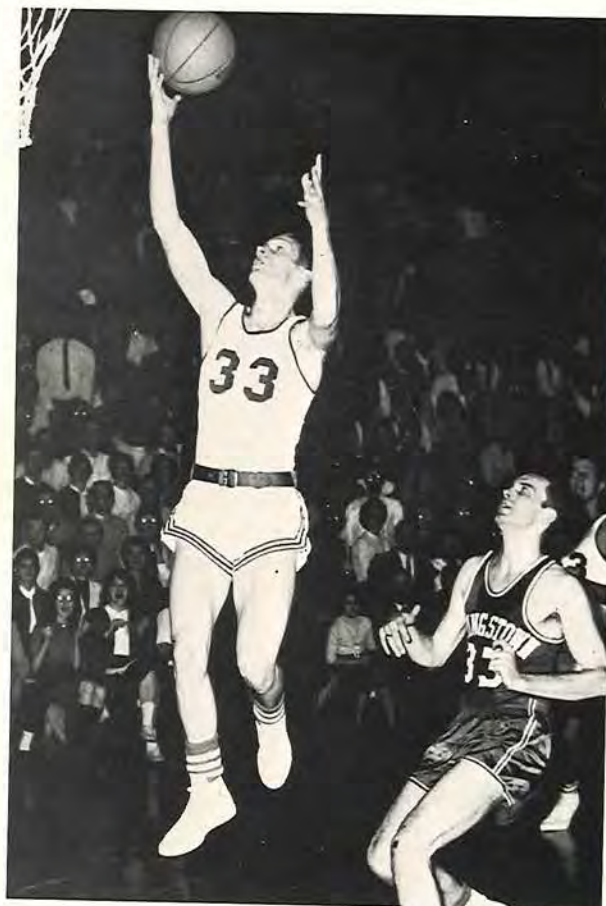

*Loose ball . . . Klein scraps for it.*

However, the victory skein was snapped as the cagers met two non-conference foes, Wabash and Cannon. After thumping Adrian, the Muskies traveled to Baldwin-Wallace where they suffered their first conference loss, 72-66. Not to be denied, the Muskie quintet posted conference victories over Wooster, Kenyon, and Heidelberg. Still in contention for the title the Muskies were upset by the Akron Zips. After nosing out Marietta 64-62, the cagers met nationally ranked Wittenberg and suffered their third conference loss. The Muskies closed their regular season by losing a squeaker to Mt. Union and shellacking Otterbein.

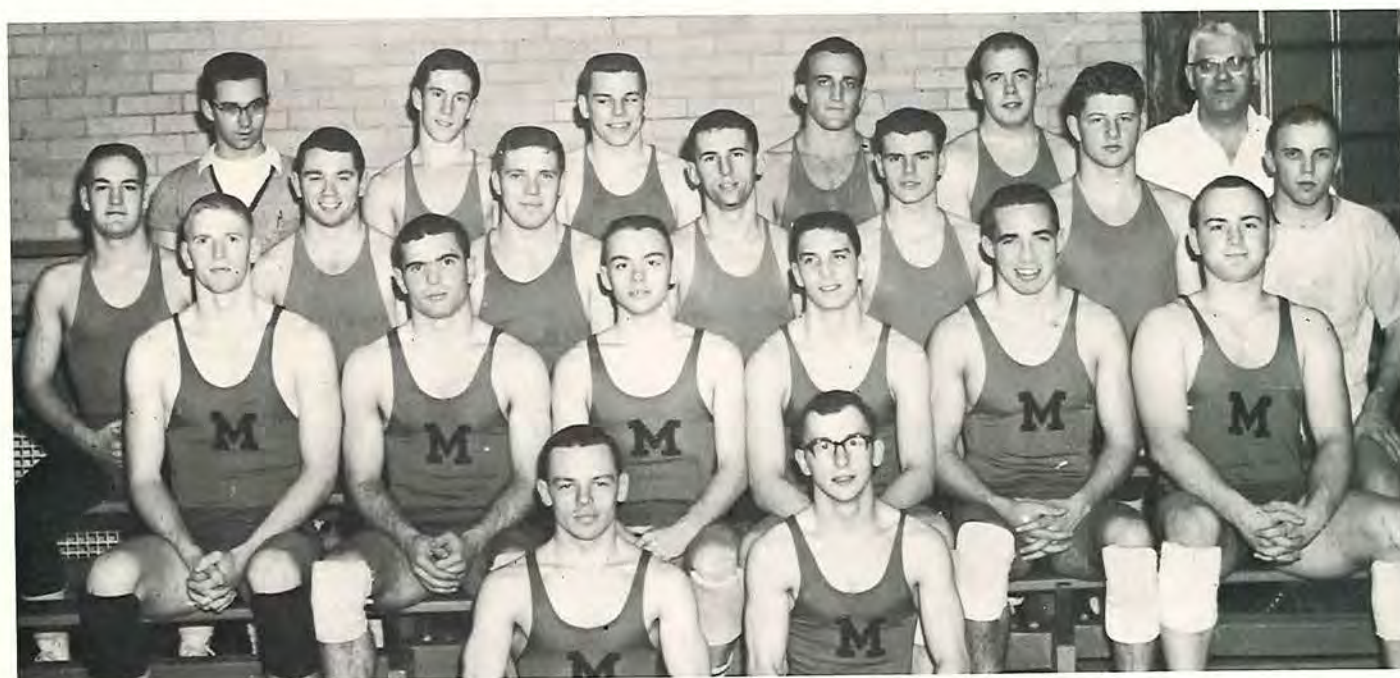

In the Conference Tourney, the "Fighting Muskies" dropped Marietta 70-59 and upset the Bishops from Ohio Wesleyan 62-54. The cagers then went on to meet Wittenburg in the semi-finals where they suffered a defeat at the hands of the Tigers, closing out the season with a commendable overall record of 13-9.

# PROGRESS

Through its 125 years Muskingum has grown immeasurably. Enrollment has increased from seventeen to over 1200; the faculty, originally having two members, now boasts eighty-two; the courses and departments have increased from nine to 328 and from three to twenty one respectively. One building on one acre of land was the Muskingum of 1837. Today fourteen buildings dot a campus of 215 acres and before the Decade of Challenge, 1960-197-, is gone several more buildings will be added.

The secret of Muskingum's success is its ability to grow with the society it serves, to change as the world changes. Never static and self-satisfied, Muskingum College will continue to grow. Its young men and women will go out and assume the leadership of our society well-achieved and will continue to achieve its goal of rendering its students "truly and intelligently Christian."
